

# KITES AND ACCESSORIES

JANUARY 2020 EDITION

# TAKE FLIGHT!

Send a kite aloft and feel the wind that connects us all. Soar above the landscape and challenge your reflexes with radical aerobatics. Pull yourself across land or snow, or celebrate a special moment with family and friends. The perfect complement to whatever you do outdoors, our beautifully designed and exquisitely crafted kites let you escape into the moment and leave the workaday world behind.

Since 1992, Prism has brought modern materials and aerospace engineering to an ancient art. Born in Seattle, our cutting edge designs are flown and cherished on every continent. Take flight with us and let your spirit soar.

# OVERVIEW

## SINGLE-LINE SOFT KITES

POCKET FLYER

Fits in a pocket - just pull it out and fly!

BORA 5

Pack up small with a spectacular long tail

BORA 7

Impressive size and solid pull

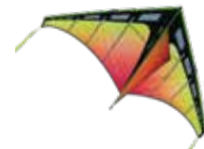

## SINGLE-LINE FRAMED KITES

ZENITH 5

High flying, stable and easy to fly

ZENITH 7

Super stable high flyer with strong pull

## SINGLE-LINE BOX KITES

EO-6

Multi-cell box kite pops open ready to fly

EO ATOM

Folds up flat - no assembly needed!

FLIP KITE

The incredible spinning rotor kite

## DUAL-LINE FRAMED KITES

NEXUS

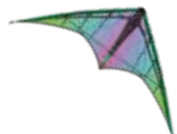

Quick and agile with a radical edge

QUANTUM

The ultimate starter kite you'll never outgrow

JAZZ

Speedy, stable and precise

HYPNOTIST

The gateway to advanced freestyle tricks

4-D

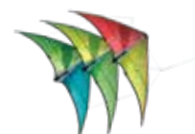

For light winds and even indoors

NEUTRINO

Super speedy micro sport kite

NEUTRINO STACKER

Stack multiples for a spectacular show

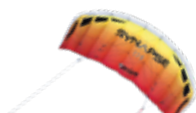

## DUAL-LINE SOFT KITES

SYNAPSE 140

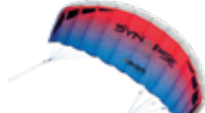

Speedy but forgiving when the wind comes

SYNAPSE 170

Perfect for learning dual-line basics

SYNAPSE 200

Smooth and precise with impressive pull

TANTRUM 220

Shred through the sky with speed and pull

TANTRUM 250

Extra pull for bigger pilots or lighter winds

## POWER KITES

MENTOR 2.5

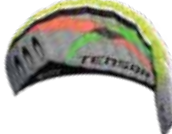

Amphibious power for land, snow or water

MENTOR 3.5

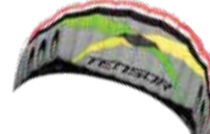

Amphibious power for land, snow or water

TENSOR 4.2

Max versatility covers most conditions

TENSOR 5.0

Pulls harder for snow, lighter winds

# SINGLE-LINE SOFT KITES

SIMPLE, EASY AND PLAYFUL WITH ALL-FABRIC CONSTRUCTION

## POCKET FLYER

A great starter kite doesn't get easier or simpler than this—just pop it out of the pouch, clip on the line and fly! Fits in a pocket or glove box so you're ready for flight wherever adventure takes you. A great gift for all ages.

Kite size	30" x 21" with 87" tail
Packed size	5" x 4" x 2"
Wind range	4-20 mph
Flying lines	200' x 50 lbs
Colors	Electric, Ultraviolet, Inferno

MSRP \$27

## BORA 5, BORA 7

Easy to fly and easy to pack, the Bora celebrates the wind with a long, flowing tail that'll mark your spot from far away. Flies straight from your hand and stuffs into a lunchbox or backpack when you're done. Comes in two sizes with braided flying line on an easy-to-use hoop winder.

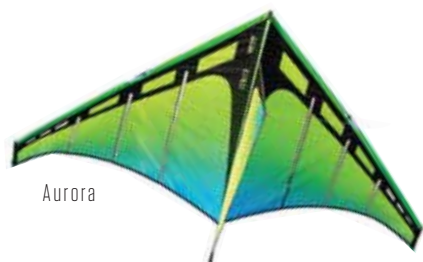

Kite size	40" x 28" with 120" tail (Bora 5) 49" x 32" with 200" tail (Bora 7)
Packed size	9.5" x 5.5" x 2" (Bora 5) 11" x 6" x 2.5" (Bora 7)
Wind range	6 - 25 mph
Flying lines	200' x 50 lbs (Bora 5) 300' x 80 lbs (Bora 7)
Colors	Frost, Jade, Blaze

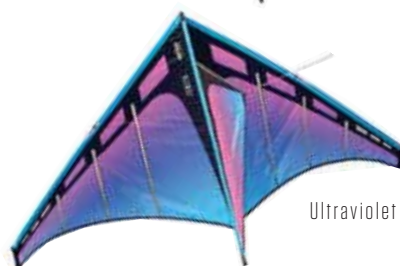

MSRP \$37, \$55

# SINGLE-LINE FRAMED KITES

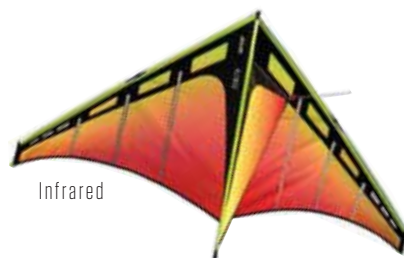

CLASSIC DESIGNS THAT FOLD UP SMALL FOR TRAVEL

Aurora

Ultraviolet

Infrared

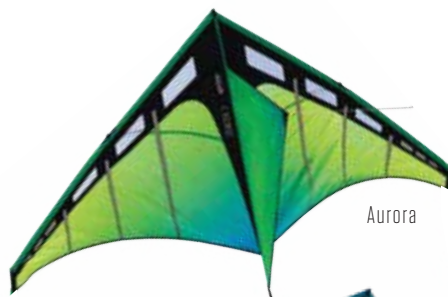

## ZENITH 5

Our best selling, high-flying 5-foot delta, with a fresh new look and an extra stable wing design that'll stay up in places many kites won't. Folds up to 21" so you can take it anywhere, with snap-on tails that will break free if you get them tangled in a tree. Bungees inside the frame make it a cinch to assemble—rods snap into place like tent poles with no separate parts to lose in the grass. Prism quality and attention to detail throughout, with an easy-to-use hoop winder and quality braided line.

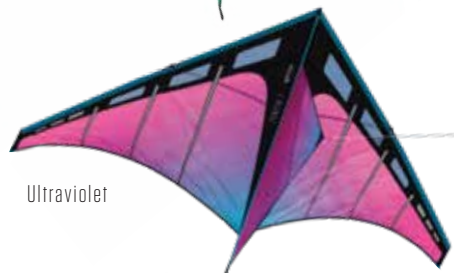

Kite size	64" x 34"
Packed size	29.5" x 6" x 1"
Wind range	5 - 25 mph
Flying lines	200' x 50 lbs
Colors	Infrared, Aurora, Ultraviolet

MSRP \$40

Aurora

Ultraviolet

Infrared

## ZENITH 7

Bigger is better! It's a super-stable, high-flying version of the Zenith with a high-tech look and strong pull that's great for lifting extra tails, line laundry or even a small action camera.

Kite size	84" x 48"
Packed size	38" x 6.5" x 1.5"
Wind range	5 - 25 mph
Flying lines	300' x 80 lbs
Colors	Infrared, Aurora, Ultraviolet

MSRP \$80

# SINGLE-LINE BOX KITES

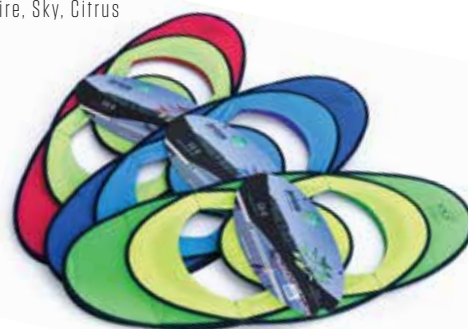

UNIQUELY INSPIRED FLYING SCULPTURES

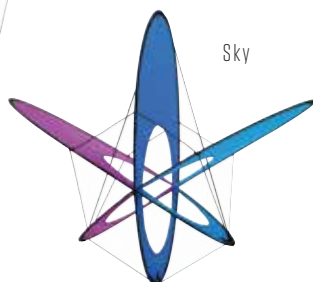

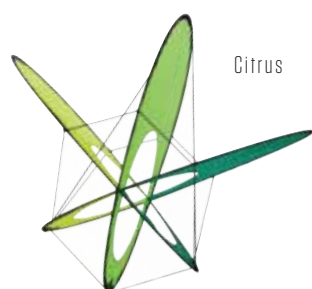

## EO-6

The EO-6 is an eye-catching flying sculpture that folds flat and springs open ready to fly with no assembly required. The intersecting wings give it great stability, but a tug and some slack will send it swooping and tricking. Take in some line and it'll float back up – you'll never get bored. Amazingly durable and easy to fly for all ages.

Kite size	13.5" x 30" x 18.5"
Packed size	35" x 13.5" x 1"
Wind range	5 – 18 mph
Flying lines	200' x 20 lbs
Colors	Fire, Sky, Citrus

MSRP \$50

## EO ATOM

Pop it into the sky and it flies. It soars like a single-line kite should, but lets you have a little trick fun as well. A quick tug and a bunch of slack will send it swooping and tumbling. A steady pull will bring it right back up to altitude. The kite folds flat and pops open right out of the sleeve, no assembly required.

Kite size	13.5" x 19.5" x 18"
Packed size	20.5" x 13.5" x 1"
Wind range	5 - 18 mph
Flying lines	200' x 20 lbs
Colors	Spectrum, Ice, Citrus

MSRP \$35

# SINGLE-LINE BOX KITES

UNIQUELY INSPIRED FLYING SCULPTURES

## FLIP KITE

Take it for a spin. Flip the sail to start the rotor, then let the wind take it from there. The wing spins and the colors blur, like a kaleidoscope in motion whirling in the wind. The Flip Kite gets lift from the Magnus Effect, the same principle that makes baseballs curve and golf balls loft. The vertical ring acts as a gyroscope to hold it steady in funky winds. Fold flat for easy storage- no assembly required.

Spectrum

Kite size	16" x 22" x 16"
Packed size	22.5" x 17" x 1"
Wind range	6 - 25 mph
Flying lines	200' x 20 lbs Polyester
Colors	Spectrum

MSRP \$35

# DUAL-LINE FRAMED SPORT KITES

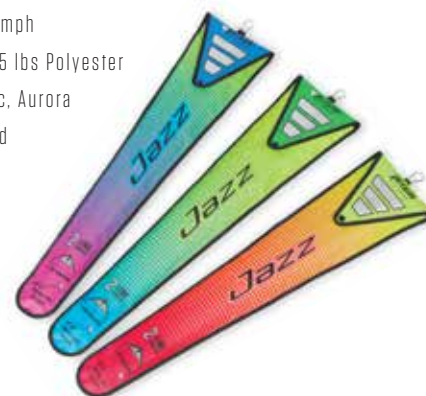

CHALLENGE YOURSELF WITH DUAL-LINE CONTROL

## JAZZ 2.0

Simple and tough. Flies great. Keep it in the car, at the beach house, strapped to your bike... because you never know when you'll get the urge to fly. We made the Jazz extra durable for beginners. It's a zippy little wing, but stable and easy to control. With fresh new graphics for 2020 and a sweet new case design, we've made our most affordable sport kite even more fun to fly.

Wing span	62"
Packed size	26" x 4" x 1.5"
Wind range	5 - 25 mph
Flying lines	85' x 55 lbs Polyester
Colors	Electric, Aurora Infrared

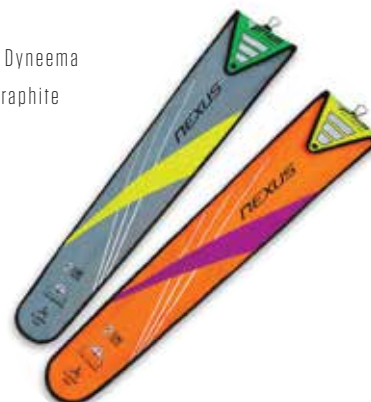

MSRP \$65

## NEXUS

Big enough for real-kite performance, small enough to fit in a carry-on, the Nexus is an adrenaline-filled intro to sport kiting and we know it'll get you hooked. For 2020 we've tweaked the graphics and wing shape for a fresh look and improved precision in lighter winds.

Wing span	64"
Packed size	26" x 4" x 1.5"
Wind range	4-22 mph
Flying lines	65' x 90 lbs Dyneema
Colors	Spectrum, Graphite

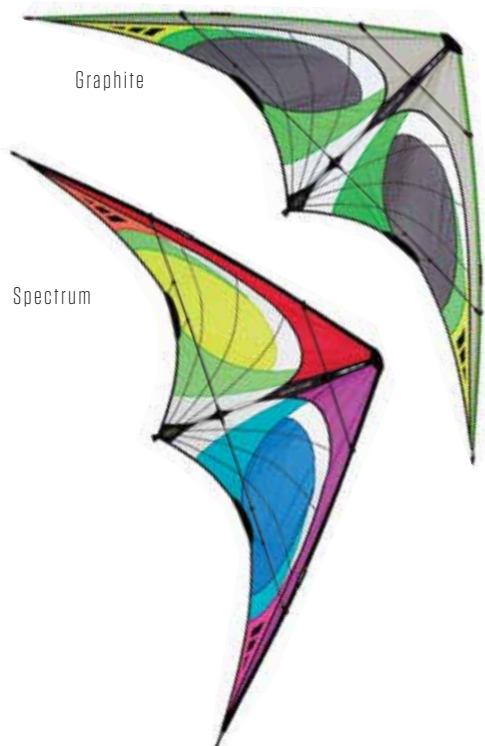

MSRP \$85

# DUAL-LINE FRAMED SPORT KITES

## CHALLENGE YOURSELF WITH DUAL-LINE CONTROL

### QUANTUM

The legendary Quantum is the ultimate choice for new pilots, and it looks and performs better than ever! For 2020 it's got fresh new graphics and colors, plus a host of small details for even more performance. We've kept the durable carbon frame with all its crash-worthy features. And we've tweaked the sail shape and bridle for even better tracking and a nice performance boost in light winds. The new bridle is a cinch to adjust, and the bright new travel sleeve rolls up tiny to clip on your belt while you fly. It also features a clever sleeve extender so you can store your kite at full or half length.

Wing Span	87"
Packed size	36" x 4" x 1.5"
Wind range	3 - 25 mph
Flying lines	85' x 150 lbs Dyneema
Colors	Graphite, Spectrum

MSRP \$135

### HYPNOTIST

High performance wing, durable frame. With the wing geometry and balance of the competition-level Quantum Pro and the bulletproof frame design of the Quantum, the Hypnotist is a performance hybrid that combines the best of both for learning new tricks and everyday fun.

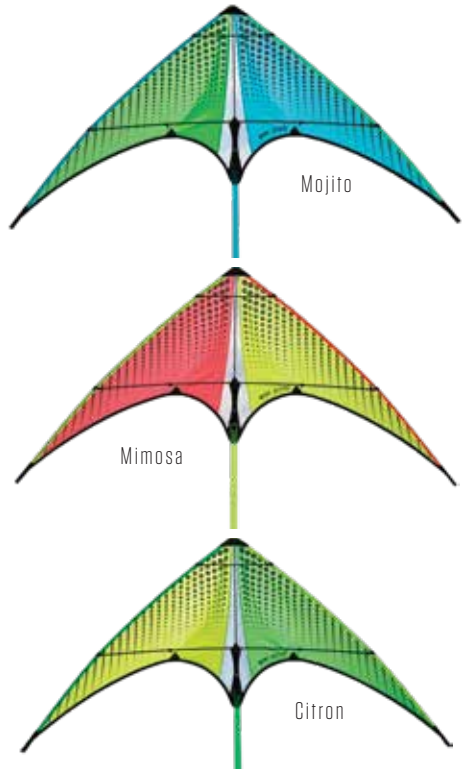

Wing span	94"
Packed size	36" x 4" x 1.5"
Wind range	4 - 25 mph
Flying lines	85' x 150 lbs Dyneema
Colors	Citrus, Fire

MSRP \$170

# DUAL-LINE FRAMED SPORT KITES

CHALLENGE YOURSELF WITH DUAL-LINE CONTROL

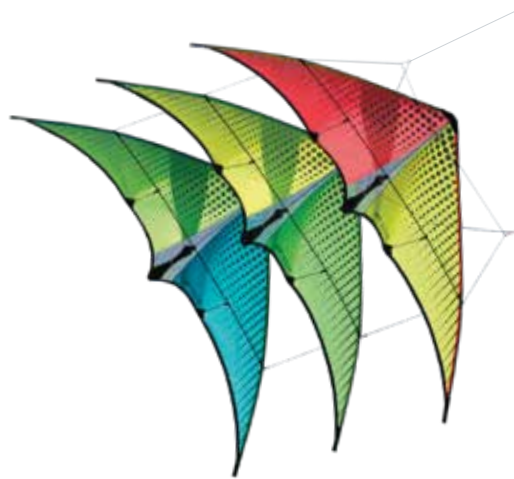

## NEUTRINO

Test your reflexes with fingertip control and blindingly fast turns. With a long streamer tail and easy stackability, this little speed demon will keep you on your toes! Ready for an extra challenge? Try flying single-handed with the dual-purpose winder/control handle. Or stack two, three or more with add-on stackers to really draw a crowd.

Wing span	39"
Packed size	31.5" x 5.5" x 1"
Wind range	5 - 25 mph
Flying lines	75' x 50 lbs Dyneema
Colors	Mojito, Mimosa, Citron

MSRP \$67

## NEUTRINO STACKERS

Stack two, three or more Neutrinos with affordable add-on stackers that come ready to clip on in seconds with just four stack lines- no knots or adjustment required. Stackers do not include flying lines or travel sleeve.

Wing span	39"
Packed size	28" x 3" x 1"
Colors	Mojito, Citron, Mimosa

MSRP \$40

# DUAL-LINE FRAMED SPORT KITES

CHALLENGE YOURSELF WITH DUAL-LINE CONTROL

## 4-D

No wind? No problem. Anywhere, even indoors, the 4-D flies when all your other kites are grounded. At 70 grams it's light enough to fly by walking backwards in the slightest breeze, or even indoors. When the wind picks up the wing is nicely balanced for graceful freestyle flying, staying buoyant in turbulent wind and small spaces where your full-sized kites could never fly.

Throwback

Graphite

Seafoam

Wing span	58"
Packed size	24.5" x 4" x 1.5"
Wind range	0 - 15 mph
Flying lines	50' x 50 lbs Dyneema
Colors	Throwback, Graphite, Seafoam

MSRP \$135

# DUAL-LINE SOFT SPORT KITES

CARVE UP THE SKY WITH SPEED AND PULL

## SYNAPSE 140, 170, 200

Guaranteed to thrill, the Synapse series is all about speed and agility. The all-fabric wing design inflates as you fly, so there's no assembly required and no frame to break. Perfect for beginners, all three sizes come ready to fly and stuff into a compact pouch to take with you anywhere.

Wing span	53" (140)
	66.5" (170)
	78.5" (200)
Packed size	9" x 5" x 3" (140)
	10" x 5" x 3" (170)
	11" x 6" x 3" (200)
Wind range	6 - 25 mph (140)
	5 - 25 mph (170)
	4 - 25 mph (200)
Flying lines	60' x 80 lbs Polyester (140)
	75' x 150 lbs Dyneema (170)
	75' x 150 lbs Dyneema (200)

MSRP \$55, \$90, \$115

## TANTRUM 220, 250

Designed specifically for dual-line bar control, Tantrum parafoils are speedy, rugged, and a blast to fly...and you'll be digging your heels in as the breeze comes up. The padded control bar gives you a comfortable grip, and the safety leash lets you instantly depower the kite without losing it if things get a little too exciting.

Wing span	87.5" (220)
	100" (250)
Packed size	28" x 7.25" x 2"
Wind range	5 - 25 mph (220)
	4 - 25 mph (250)
Flying lines	85'x150 lbs Dyneema (220)
	85'x300 lbs Dyneema (250)

MSRP \$130, \$155

# POWER KITES

HARNESS THE WIND ON LAND, SNOW, OR WATER

## MENTOR 2.5, 3.5

How many ways can you harness the wind? The Mentor is high performance power that's easy to fly and incredibly versatile. It's a great intro to power kiting that will pull you on a buggy, landboard, snowboard, paddleboard or just the soles of your feet. One-way air inlet valves let the kite float on water and maintain its 3-D shape for smooth, forgiving control even in light or gusty winds. If you crash on water or land, three-line control gets you flying again instantly without a helper just by pulling the middle line.

Kite size / wing span	2.5 sq m / 105"
	3.5 sq m / 132"
Packed size	28" x 6" x 6"
Wind range	4-25 mph
Flying lines	75' x 400 lbs (mains)
	75' x 300 lbs (brakes)
	Dyneema

MSRP \$330, \$380

## TENSOR 4.2, 5.0

Harness serious power for traction kiting across land or snow with 3 or 4-line control. The Tensor makes serious power simple and safe. Once you learn the basics with two-line control, the innovative convertible bar transforms into rugged quad-line handles for more power control and maneuverability on land or snow.

Sail area / wing span	4.2 sq m / 138"
	5.0 sq m / 155"
Packed size	32" x 11" x 4"
Wind range	5 - 25 mph
Flying lines	65' x 500 lbs (mains)
	65' x 300 lbs (brakes)
	Dyneema

MSRP \$480, \$530

# TUBE TAILS

WRITE IN THE SKY AND ATTRACT A CROWD

## 75-FOOT TUBE TAIL

Our striped inflatable tube tails always draw a crowd with a mesmerizing show in the sky. These modular tails make a great add-on for dual and single-line use. They come in a handy drawstring pouch for easy storage and can be joined end to end for extra pizzazz. Velcro end closure drains sand and makes packing up easy.

Black and White

Spectrum

MSRP \$41

## 20-FOOT TUBE TAIL

Add drama and stability to any single line kite with this high-visibility inflatable tail.

Black and White

Spectrum

MSRP \$15

## FLYING LINES

100% pure braided Dyneema fiber for low stretch and quick response. Precision measured and sleeved, color-coded with flight straps and winder.

## EQUALIZER FLIGHT STRAPS

Our "Equalizer" adjustable flight straps incorporate a clever adjustable-length pigtail that you can take in or let out in seconds to equalize your lines, plus finger straps built in for fingertip control in lighter winds.

## T-SHIRTS

Show the world what you love to fly!

## KITE BAGS

Holds your collection of up to 12 at full or half length. Rolls up like a burrito and provides a nice clean surface at the field where you can work on your kites without losing parts in the sand or grass. Mesh pockets drain sand and hold linesets, and a zippered pocket holds tools and spare parts.

## RIBBON TAILS

Add drama to your stunt kite with a colorful and affordable 40' ripstop nylon ribbon tail. Also handy for slowing kites down for more control in strong winds.

## SPARE PARTS

We build Prism kites to last. To keep them flyable into the next generation we support them with a large selection of spare parts for current and older models.

## KITE REPAIR KIT

Handy first aid kit covers most field repairs with an assortment of fittings, endcaps, sail repair patches, sleeving kit, even a razor knife so you don't have to be grounded if your kite takes a hit.

## GEAR AID REPAIR TAPE

For rugged and permanent repairs on kite sails, jackets and more. Easy to apply, almost invisible, and sticks like no other tape without leaving a gooey residue.

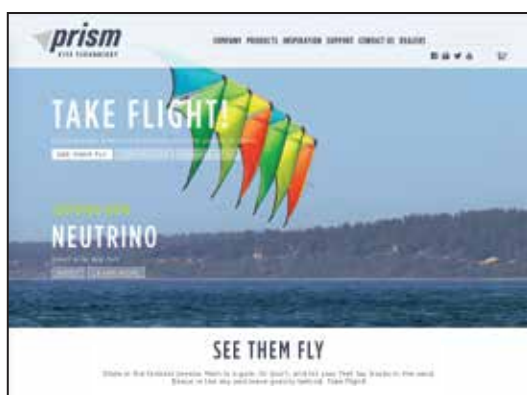

# DEALER RESOURCES

A COMPLETE SET OF TOOLS FOR RESELLERS

## SIGNAGE AND DISPLAY

We make sure our kites look great in the sky and in the store too, with a full retail signage program and point of purchase displays that will make your kite department the brightest spot in the store.

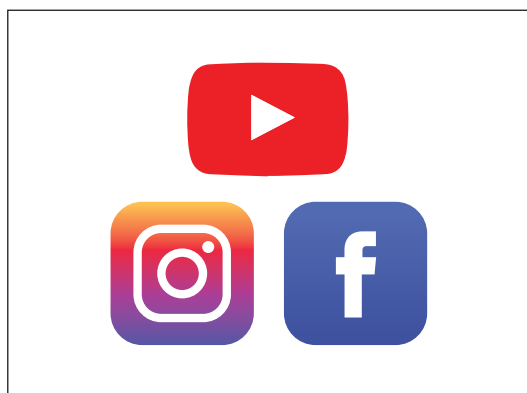

## WWW.PRISMKITES.COM

The most complete site in the kite industry is packed with detailed product info, educational content, stunning photography and inspiration to help our customers get the most out of our products and the sport.

## ONLINE DEALER PORTAL

For authorized dealers only, easy online access to our entire image and video library, product information, signage, pricing and more.
